

TechCorp Malaysia

Innovating Technology Solutions Across Southeast Asia

Leading Malaysia's Digital Transformation

Empowering businesses across ASEAN with cutting-edge cloud solutions and innovative software products since 2015

Company Overview

TechCorp Malaysia Sdn Bhd is a premier Malaysian technology company headquartered in Kuala Lumpur, specializing in cloud-based solutions, enterprise software, and digital transformation services. Founded in 2015, we have grown to become one of Malaysia's most trusted technology partners, serving over 500 enterprises across Southeast Asia.

Our mission is to drive digital innovation in Malaysia and the broader ASEAN region by delivering world-class technology solutions that are culturally relevant, locally supported, and globally competitive. We pride ourselves on being a truly Malaysian company that understands the unique challenges and opportunities of the Southeast Asian market.
